

JULES CORNELL - FILM EDITOR / PRODUCER

Email: jules@julescornell.com

I have cut a wide variety of award-winning films from half-hours to features, across many different genres. I am experienced with single camera, multi-cam and fixed rigs. I'm strong with structure and scripting and great with music. In 2012, I added producing to my role and, as a trained actor, I'm also handy as a voice-over artist.
